AMITH C R	1CR18EC016	Focus on Quantitative aptitude, Verbal and resoning questions and technical MCQs	N/A	My interview has 2 rounds. In the 1st round, the interviewer asked me to retrieve data using SQL queries and followed by technical questions in OOPs. And asked about my project and he went through every code snippet asked me to explain it. So make sure you know everything about your project, i suggest you guys to go through each and every line of code. Well my 2nd round was HR, give a proper intro(max 1 min), and be honest with him and he asked me scenarios based		No. of rounds:3 1. Apti, tech mcqs and Coding question 2. Tech interview 3. HR interview	1) Tell me about yourself. 2) What are the strategies you implement to a start-up comapny to be successful in the market? 3) What characteristics should be present in human being?
