Robert Bosch

Sl No.	Name	Aptitude Test	JAM/GD	Interview experience	Technical Subjects	Other Comments
1	Chaithra	There are three 3 Rounds- First round was Aptitude test in which they asked Quantitative Aptitude, Reasoning Ability and Questions based on technical subjects. Third round was verbal ability (Reading comprehension, English grammar, Essay writing.)	There was no Jam/GD	Second round was Technical interview and there was no HR round. In technical interview they asked to introduce yourself, About academic projects, Questions on Transistors, Flip-flops, Kirchhoff's current and voltage law and basics of c programming.	Should have knowledge on technical subjects and basics of c.	Be confident when you're speaking with the interviewer.
