BlueBinaries	5 LPA	The questions are based on math &logic, verbal, spatial reasoning. 20 Multiple choice questions. 2 subjective questions	NA	After Technical round they conducted Group Discussion with 8 panel numbers including hr. They asked to discus about a topic .The topic is Laying off employees by companies.	Overall experience was good. Introduction yourself? What did you learn from your projects? They asked about parents?
		Question on C pseudo codes, and one section on pointers and linked lists			-What will you expect from our company? -Scenario based questions?
		NA			1. Scenarios based programs? 2. What things are you good at other than academics? 3. Can you adjust according to the environment? 4. Do you have any questions for me?
		Basic questions about C and a brief discussion about the technologies I know. They asked me to write programs what I know.			HR questions
		About 10 technical + HR questions were asked.			Are you willing to relocate? Are you interested in working blue binaries? What do you know about blue binaries?
		It happened on November in Bluebinaries own exam platform test has run continuously for 1hr 30 min.			It was great to have a word with HR. She asked me basic questions. Like hobbies etc. Don't panic in the technical interview say what you know. if you don't know the question feel free to say don't know sit instead of pretending that you know.. Do some research about the company? Attend the preplacement talk and listen carefully.
